

The First Foundation For Childhood Literacy And The Valdosta Rotary Foundation

If The Engine Could, So Can You!

The books from Dolly Parton's Imagination Library are mailed on a monthly basis to each registered child from birth until five years of age in participating counties within the state of Georgia. Parents, educators, and child development specialists in association with the Dollywood Foundation carefully select this 60 volume set of books.

The Program Goals include encouraging children to dream and learn through reading, promoting parent/family involvement in achieving early school success for their children, and addressing adult literacy by motivating and providing the tools for parents/caregivers to read every day to their children.

Children who read succeed!

This literacy support initiative provides a parent's guide of reading activities, a First Library Card, a monthly individual book reading guide, child activity pages, and newsletters all specifically designed to make reading fun for the entire family!

Remember....reading skills begin at birth!
